Hillsboro Tower – Parking Renovation

Local Community Update – July 2008

Strategic Group is renovating the Hillsboro Tower parking garage beginning June 1, 2008 on-going thru to September 2008. For the following months, work at the site will generally be done during standard construction hours (Monday to Friday 7:30 am to 12:00 pm and 1:00 pm to 4:30 pm.) Strategic Group will ensure that disruption to the community is minimized. Site specific plans for noise, dust and alternate parking have been put into place. For customers of Associate Foot Specialists, Back & Body Health, BLVD Restaurant, Yoga Santosha and Dr. Chin Professional Group, a temporary public car park can be found at the rear of 340-17th Avenue S.W. (Point on 17th.) Alternatively, please purchase a ticket at the Impark Lot (corner of 17th Avenue and 4th Street) for validation.

Strategic Group apologizes for any inconvenience this has caused and thanks the community of Mission for their patience and understanding during this improvement project.

International Downtown Association 54th Annual Conference

The face of downtown is changing—here in Canada and across the globe. Downtown Calgary invites you to experience a *Metro Makeover* that's unparalleled in its sheer energy, boldness, and breadth. Incredible new office structures, residential developments, and public spaces are changing the way people work, live, and play in this dramatic urban space. Far from cosmetic, this is change from the inside out. There's no better place to talk about change than Downtown Calgary, host of IDA's 2008 Annual Conference on September 11 -14, 2008. At the centre of North America's energy industry and in the midst of an economic boom, Calgary has grown exponentially in the past decade, changing the culture of the city and how its residents experience it. Set in the embrace of Canada's majestic Rocky Mountains, Calgary is an ideal example of the changing face of downtown and the perfect place to experience an evolving urban core.
